Online Attendance Certificate

Futurasmus Zentrum, certified KNX++ training centre, hereby declares that

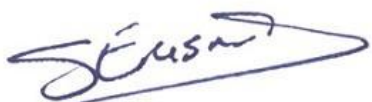

Arvin Pradipta Mahadika

has done the online basic course for home and building automation with the "Worldwide Standard for Home and Building Control KNX".

The course includes over 10 hours of video tutorials, the complete official documentation of the KNX Association, self-assessment questions, online practical exercises and KNX simulator.

This document guarantees that the course participant is qualified to take the 12 hours of on-site lessons in any KNX training centre (practical exercises and official exam) and obtain, where appropriate, the KNX Partner certificate.
